# *TEEN DISTRACTED DRIVING*

---

REGISTER TODAY FOR ONLY \$5!

Does your child understand all of the distractions associated with driving? This 3-hour course will expose participants to the different forms of distractions while driving and also the dangers of impaired driving. We will cover material through a presentation and videos, then continue with a practical exercise outside driving a golf cart. Each participant will drive an obstacle course wearing goggles, simulating the different forms of impairment (drunk, high, and drowsy), and driving while distracted by passengers or technology. Between each driver, the equipment will be sanitized. The course is taught by New Berlin Officers and School Resource Officers who have witnessed the harmful effects of distracted and impaired driving. Classes are first come, first serve and will be limited to 10 participants.
