

Adamczyk Heating & Cooling
6019 West Bluemound Road
Milwaukee, WI 53213
(414) 258-7880

Proposed new build for:
Adamczyk Heating & Cooling
Tax Key: 1162-153 (On Greenfield Ave & 165th St)

Proposed Plan of Operation

Our proposed building will consist of an office and living quarters.

The office/shop will be for our HVAC business.

The residence will be living quarters for the business owners (Steve & Jean Adamczyk)

The office would normally have 2 employees, and the business side would normally have a total of 3 other people working at one time, for a total of 5 employees.

The residence would normally have one to three people.

The office would normally have two vehicles. One service van and one 14' cube truck.

The residence would usually have one private vehicle

We would anticipate starting construction as soon as possible after approval.

We anticipate completion in under a year.

Hours of Operation for business are Monday-Friday from 8am to 5pm , year round

Our business does not get really any foot traffic/visitors, as we are a service contractor that goes to customers' homes to service HVAC equipment.
